Employment Agreement for Temporary Lead Water System Operator

Mapleton Water District agrees to hire Matt Ferkey, our former Lead Water System Operator, to serve as our District's Temporary Lead Water System Operator from June 23rd to September 1st of 2026. The duties and compensation for this position will be identical to the duties and compensation that Matt was formerly receiving before he left our employ on June 3, 2026. In addition, Mapleton Water District takes responsibility to ensure that Jordan Walker receives the additional training and approval by our DRC, Dave Terrusa, to relieve Matt Ferkey of operational and on-call responsibilities for a full two days (48 hours) each week during the duration of this agreement. The Temporary Lead Water System Operator position will be supervised by the current Office Administrator (Jordan Walker); who will provide the entire Board of Commissioners with a weekly Operations Report via bcc'd email during the period that the Temporary Agreement is in effect.
